## **Independent Auditor's Report**

To the Board of Directors  
San Elijo Joint Powers Authority  
2695 Manchester Avenue  
Cardiff by the Sea, California 92007

### **Report on Financial Statements**

We have audited the accompanying financial statements of San Elijo Joint Powers Authority, which comprise the statements of net position as of June 30, 2013 and 2012, and the related statements of revenues, expenses, and changes in net position and cash flows for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of San Elijo Joint Powers Authority, as of June 30, 2013 and 2012, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 - 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted on inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the San Elijo JPA's basic financial statements. The supplementary comparative schedule of net position - wastewater, comparative schedule of revenues, expenses, and change in net position - wastewater, comparative schedule of net position - reclamation, comparative schedule of revenues, expenses, and changes in net position - reclamation, the operating budget comparison schedule - wastewater, and the operating budget comparison schedule - reclamation are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary comparative schedule of net position - wastewater, comparative schedule of revenues, expenses, and change in net position - wastewater, comparative schedule of net position - reclamation, comparative schedule of revenues, expenses, and changes in net position - reclamation are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary comparative schedule of net position - wastewater, comparative schedule of revenues, expenses, and change in net position - wastewater, comparative schedule of net position - reclamation, and the comparative schedule of revenues, expenses, and changes in net position - reclamation are fairly stated, in all material respect, in relation to the basic financial statements as a whole.

The operating budget comparison schedule - wastewater and the operating budget comparison schedule - reclamation have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or any assurance on them.

**Change in Accounting Principle**

As discussed in Note 17 to the financial statements, in 2013 the District adopted new accounting guidance GASB Statement No. 65, Items Previously Reported as Assets and Liabilities. Our opinion is not modified with respect to this matter.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the financial performance of the San Elijo Joint Powers Authority's (SEJPA) provides an overview of the SEJPA's financial activities as of and for the years ended June 30, 2013 and 2012. Please read it in conjunction with the SEJPA's financial statements which begin on page 9.

### **Financial Statements**

This discussion and analysis provides an introduction and a brief description of the SEJPA's financial statements, including the relationship of the statements to each other and the significant differences in the information they provide. The SEJPA's financial statements include four components:

- Statements of Net Position
- Statements of Revenues, Expenses and Changes in Net Position
- Statements of Cash Flows
- Notes to the Financial Statements

The statement of net position includes all of the SEJPA's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position may be displayed in three categories:

- Invested in Capital Assets, Net of Related Debt
- Restricted
- Unrestricted

The statement of net position provides the basis for computing rate of return evaluating the capital structure of the SEJPA and assessing its liquidity and financial flexibility.

The statement of revenues, expenses and changes in net position presents information which shows how the SEJPA's net position changed during the year. All of the current year's revenues and expenses are recorded when the underlying transaction occurs, regardless of the timing of the related cash flows. The statement of revenues, expenses and changes in net position measures the success of the SEJPA's operations over the past year and determines whether the SEJPA has recovered its costs through charges for services and other charges.

The statement of cash flows provides information regarding the SEJPA's cash receipts and cash disbursements during the year. These statements may report cash activity in four categories:

- Operations
- Capital and related financing
- Noncapital financing
- Investing

This statement differs from the statement of revenues, expenses and changes in net position because the statement accounts only for transactions that result in cash receipts or cash disbursements.

The notes to the financial statements provide a description of the accounting policies used to prepare the financial statements and present material disclosures required by generally accepted accounting principles that are not otherwise present in the financial statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Financial Highlights

- The SEJPA's net position increased by \$791,105 to \$37,785,741 for the year ended June 30, 2013.
- The SEJPA's total revenues decreased from \$7,955,097 for the year ended June 30, 2012, to \$7,253,352 for the year ended June 30, 2013. The decrease in member agency contributions due to the refinancing accounts for the majority of the decrease.
- The SEJPA's total expense decreased from \$6,856,939 for the year ended June 30, 2012, to \$6,462,247 for the year ended June 30, 2013. The decrease in interest expense accounts for the majority of the decrease.

### Financial Analysis of the SEJPA

#### Net Position

The following is a summary of the SEJPA's statement of net position at June 30, 2013 and 2012, respectively:

	<u>2013</u>	<u>2012</u>	<u>Change</u>
<u>Assets:</u>			
Current and other assets	\$ 15,542,336	\$ 19,180,199	\$ (3,637,863)
Capital assets	39,996,507	37,172,365	2,824,142
Total Assets	<u>55,538,843</u>	<u>56,352,564</u>	<u>(813,721)</u>
<u>Deferred Outflows of Resources:</u>			
Deferred amount of refunding	<u>278,682</u>	<u>319,968</u>	<u>(41,286)</u>
<u>Liabilities:</u>			
Current liabilities	2,697,193	2,702,644	(5,451)
Noncurrent liabilities	15,334,591	16,975,252	(1,640,661)
Total Liabilities	<u>18,031,784</u>	<u>19,677,896</u>	<u>(1,646,112)</u>
<u>Net Position:</u>			
Invested in capital assets, net of related debt	31,287,365	27,977,086	3,310,279
Restricted	630,000	2,632,444	(2,002,444)
Unrestricted	5,868,376	6,385,106	(516,730)
Total Net Position	<u>\$ 37,785,741</u>	<u>\$ 36,994,636</u>	<u>\$ 791,105</u>

As you can see from the table above, net position increased by \$791,105 from fiscal year 2012 to 2013. Invested in capital assets, net of related debt, increased \$3,310,279 in fiscal year 2013. This increase is the result of principal paid on the SEJPA's long-term debt and the increase in investment in capital assets, net of depreciation expense.

Restricted net position decreased by \$2,002,444 from fiscal year 2012 to 2013 as funds restricted for construction of capital projects were expended for their intended purpose.

Unrestricted net assets (those that can be used to finance day-to-day operations) decreased \$516,730 due to a decrease in net working capital resulting from the use of assets to fund capital projects and service debt.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Financial Analysis of the District (Continued)

#### Revenues, Expenses and Changes in Net Position

The following is a summary of the SEJPA's revenues, expenses and changes in net position for the years ended June 30, 2013 and 2012, respectively:

	<u>2013</u>	<u>2012</u>	<u>Change</u>
Operating contributions from members	\$ 2,970,471	\$ 3,051,264	\$ (80,793)
Charges to nonmember agencies	3,050,637	2,558,203	492,434
Nonoperating revenue	372,484	586,786	(214,302)
Member agency assessments	859,760	749,524	110,236
Member agency contribution to refinancing	-	1,009,320	(1,009,320)
Total Revenues	<u>7,253,352</u>	<u>7,955,097</u>	<u>(701,745)</u>
Operating expenses	5,960,570	5,834,995	125,575
Interest expense	501,677	853,292	(351,615)
Other nonoperating expense	-	168,652	(168,652)
Total Expenses	<u>6,462,247</u>	<u>6,856,939</u>	<u>(394,692)</u>
Increase in Net Position	<u>\$ 791,105</u>	<u>\$ 1,098,158</u>	<u>\$ (307,053)</u>

A closer examination of the source of changes in net position reveals that the SEJPA's operating revenues increased by \$411,641 in fiscal year 2013. Nonoperating revenues decreased by \$1,113,386 in fiscal year 2013 due to member agency contributions to the refinancing in the prior year, and a reduction in interest earnings. Operating costs, exclusive of depreciation, increased \$59,824 in fiscal year 2013. Interest expense decreased \$351,615 from 2012 to 2013 as a result of the prior year refinancing which included a call premium.

#### Capital Assets

Capital assets consist of the following at June 30, 2013 and June 30, 2012, respectively:

	<u>2013</u>	<u>2012</u>	<u>Change</u>
Plant equipment	\$ 65,815,304	\$ 58,700,345	\$ 7,114,959

Net Capital Assets	<u>\$ 39,996,507</u>	<u>\$ 37,172,365</u>	<u>\$ 2,824,142</u>

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Capital Assets (Continued)

The net additions of capital assets being depreciated for fiscal year 2013 totaled \$7,144,431. Capital asset additions consisted of advanced water treatment, plant electrical improvements, the sediment pad, outfall peak demand management and other miscellaneous capital improvements.

### Long-Term Debt

The following is a summary of long-term debt at June 30, 2013 and June 30, 2012, respectively.

	<u>2013</u>	<u>2012</u>	<u>Dollar Change</u>
2011 Refunding Revenue Bonds	\$ 8,020,000	\$ 9,185,000	\$ (1,165,000)
Original Issue Premium	538,970	618,818	(79,848)
2011 Refunding Revenue Bonds, Net	8,558,970	9,803,818	(1,244,848)
State Loan Payable	5,984,736	6,653,084	(668,348)
Private Placement Loan Payable	1,900,228	1,967,423	(67,195)
SFID Reimbursement Agreement	473,919	-	473,919
Total Long-Term Debt	16,917,853	18,424,325	(1,506,472)
Less: Current Portion	(1,955,070)	(1,825,543)	(129,527)
	\$ 14,962,783	\$ 16,598,782	\$ (1,635,999)

The SEJPA obtained a reclaimed water distribution pipeline extension which was financed through a reimbursement agreement with the Santa Fe Irrigation District.

### Economic Factors

Consistent with the prior year, SEJPA's fiscal year 2013/14 sanitary fund operations and maintenance budget is \$4.1 million. The water reclamation budget is \$1.0 million. Sales of reclaimed water are budgeted to be approximately 1,370 acre feet in the upcoming year, a 1% increase from a year ago. Only a minor increase in revenue is anticipated due to a new customer.

Contingency funding for each program area has been reviewed and budgeted on the basis of the potential for unforeseen events within each activity area. For all programs, the amount in contingency funding is \$120,260 and remains unchanged from last year's budget levels.

The capital project program will have a budget of \$1.1 million during the upcoming year. This is primarily for improvements to the wastewater and ocean outfall programs.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### **Economic Factors (Continued)**

Costs of sanitary services are allocated on the basis of percentage of use, as indicated by measured flows, or level of effort, as appropriate. On the basis of connected equivalent dwelling units (EDU's) for wastewater treatment provided to the member agencies, the budgeted cost is approximately \$159 per EDU per year for 2013-2014. This represents a 4% decrease from 2012-2013. The Encinitas Ranch Golf Course pays a set annual price for interruptible water service, which increases 5% annually. For the remaining water agencies, recycled water sales are based on individual contracts which include minimum annual purchase volumes and negotiated water rate prices. These fees are supplemented by incentives from the Metropolitan Water District and the San Diego County Water Authority.

On October 8, 2012, the Board adopted a resolution to amend the contract between CalPERS and the SEJPA. This resolution amended the contract to include Section 20475 (Different Level of Benefits) for new Miscellaneous Members of the Public Employees' Retirement System, Section 21353 (2% at 60 Full Formula), and Section 20037 (Three-Year Final Compensation) this resolution will be applicable to all SEJPA employees entering membership for the first time in the miscellaneous classification after June 30, 2013. The lower benefit payout will result in a lower contribution rate for the SEJPA in the future as new employees enter the SEJPA workforce. In the current year, the employer rate for the 2.5% at 55 pool is 16.92%, the employer rate for the new 2.0% at 60 pool is 8.049% and the 2.0% at 60 pool is 6.25%. All employees will pay the full employee portion of the CalPERS retirement benefit.

**SAN ELIJO JOINT POWERS AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2013 AND 2012**

**Note 1 - Organization and Significant Accounting Policies:**

**Organization**

The San Elijo Joint Powers Authority (SEJPA) was established on June 17, 1987 with the power to own, operate, maintain and upgrade the San Elijo Water Reclamation Facility (WRF) through an agreement between the Cardiff Sanitation District (Cardiff) and the Solana Beach Sanitation District (Solana Beach)(the member agencies). The SEJPA which is governed by a board consisting of four members, two from each member agency; serves as a wastewater treatment facility for the member agencies as well as portions of Rancho Santa Fe Community Services District, Improvement Areas 2 and 3, and portions of the City of San Diego. On July 1, 1990, the City of Solana Beach succeeded to the powers and responsibilities of the Solana Beach Sanitation District; and on October 18, 2001, the City of Encinitas succeeded to the powers and responsibilities of the Cardiff Sanitation District.

Under the agreement establishing the SEJPA, Cardiff retained its right to 56% of the available treatment capacity of the plant, and Solana Beach retained its right to the remaining 44%. In May 1989 through an agreement between the SEJPA and the member agencies to upgrade and expand the WRF; Solana Beach paid Cardiff to increase its ownership percentage and capacity rights to 50%.

The SEJPA and the City of Escondido are joint owners and users, 21% and 79% respectively, of the San Elijo Ocean Outfall which is generally comprised of a regulator station and piping extending from an on-shore location out into the ocean.

The criteria used in determining the scope of the reporting entity is based on the provisions of GASB Cod. Sec. 2100 "Defining the Financial Reporting Entity". The SEJPA is the primary government unit. Component units are those entities which are financially accountable to the primary government, either because the SEJPA appoints a voting majority of the component units board, or because the component unit will provide a financial benefit or impose a financial burden on the SEJPA. The SEJPA has no component units.

**Significant Accounting Policies**

A summary of the SEJPA's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

**Method of Accounting**

The SEJPA utilizes accounting principles appropriate for an enterprise fund to record its activities. Accordingly the statement of net position and the statements of revenues, expenses, and changes in net position have been prepared using the economic resources measurement focus and the accrual basis of accounting.

The SEJPA has not elected to apply the option allowed in GASB Cod. Sec. P80.103 "Proprietary Fund Accounting and Financial Reporting" and, as a consequence, will continue to apply GASB statements and interpretations.

**SAN ELIJO JOINT POWERS AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2013 AND 2012**

**Note 1 - Organization and Accounting Policies: (Continued)**

**Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Revenue Recognition**

The SEJPA recognizes revenue from charges of services to its members and other government agencies when they are earned. Operating activities generally result from providing services and producing and delivering goods. As such, the SEJPA considers charges of services or other government agencies and contributions from the cities to be operating revenues.

**Investments**

Investments are stated at their fair value which represents the quoted or stated market value. Investments that are not traded on a market, such as investments in external pools, are valued based on the stated fair value as represented by the external pool.

**Allowance for Doubtful Accounts**

Management believes that all amounts due from other government agencies and the retrofit loans were fully collectible; therefore no allowance for doubtful accounts was recorded as of June 30, 2013 and 2012.

**Capital Assets**

Capital assets purchased or acquired with a cost exceeding \$2,000 and an estimated useful life of more than one year are reported at historical cost. Contributed assets are recorded at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is calculated on the straight-line method over the following estimated useful lives:

Plant equipment	5 - 50 years
Lab equipment	5 - 40 years
Office equipment	5 - 20 years
Vehicles	5 years

Depreciation totaled \$1,598,710 and \$1,535,509 for the years ended June 30, 2013 and 2012, respectively.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2013 AND 2012**

**Note 1 - Organization and Accounting Policies: (Continued)**

**Significant Accounting Policies (Continued)**

**Interest**

The SEJPA incurred interest charges on long-term debt. No interest was capitalized as a cost of construction for the years ended June 30, 2013 and 2012.

**Amortization**

Bond insurance costs are being amortized on the straight-line method over periods not to exceed the debt maturities. Amortization expense totaled \$5,098 and \$2,549 for the years ended June 30, 2013 and 2012, respectively. The original issue premium is being amortized on the straight-line method over the remaining life of the related debt. Amortization of the original issue premium totaled \$79,848 and \$39,924 for the years ended June 30, 2013 and 2012, respectively.

The deferred amount on refunding is being amortized over the remaining life of the refunded debt. Amortization expense totaled \$41,286 and \$20,643 for the years ended June 30, 2013 and 2012, respectively, and is included in interest expense. The deferred amount on refunding was \$278,682 and \$319,968 at June 30, 2013 and 2012, respectively.

**Classification of Liabilities**

Certain liabilities which are currently payable have been classified as noncurrent because they will be funded from restricted assets.

**Compensated Absences**

Accumulated and unpaid vacation and sick-leave totaling \$298,204 and \$312,908 is accrued when incurred and included in noncurrent liabilities at June 30, 2013 and 2012, respectively.

**Risk Management**

The SEJPA is a member of the California Sanitation Risk Management Authority (CSRMA). CSRMA is a risk-pooling self-insurance authority created under provisions of California Government Code Sections 6500 et. seq. The purpose of CSRMA is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage. Each insured agency pays for its proportionate share of its individually contracted insurance coverage and consulting services. At June 30, 2013, the SEJPA participated in the programs of CSRMA as follows:

General Liability including Bodily Injury, Property Damage, Public Entity Errors and Omissions, Employment Practices Liability and Automobile Liability - The CSRMA Pooled Liability (shared risk) Program provides \$25,500,000 per occurrence and in aggregate. CSRMA is self-insured up to \$15,500,000 and additional \$10,000,000 in excess insurance has been purchased to bring the total limit of liability coverage to \$25,500,000. SEJPA has a \$100,000 deductible in the CSRMA Pooled Liability Program.

**Note 1 - Organization and Accounting Policies: (Continued)**

**Significant Accounting Policies (Continued)**

**Risk Management (Continued)**

Property Damage - \$47,900,000 in scheduled values through the PEPiP Property Program with a \$1,000,000,000 shared loss limit per occurrence with a \$25,000 deductible. Coverage includes: all risk property coverage, mobile equipment, auto physical damage and boiler and machinery. The SEJPA has a \$10,000 to \$350,000 deductible for boiler and machinery coverage depending on the size of the machinery.

Faithful Performance/Employee Dishonesty Bond - Insured up to \$1,000,000 with a \$10,000 deductible. Coverage includes: employee dishonesty, faithful performance forgery or alteration, computer fraud, money and securities theft, disappearance and destruction.

Workers' Compensation - SEJPA participates in CSRMA's Workers' Compensation Program, which currently self-insures the first \$750,000 of each claim. The members have no deductible or self-insured retention. Excess insurance provides statutory limits for Workers' Compensation and \$1,000,000 for each accident or each employee for disease in limits for Employers Liability.

The SEJPA pays annual premiums for this coverage. They are subject to retrospective adjustments based on claims experienced. The nature and amounts of the adjustments cannot be estimated and are charged to expense as invoiced. The SEJPA's insurance expense totaled \$37,110 and \$47,237 for the years ended June 30, 2013 and 2012, respectively. There were no instances in the past three years where a settlement exceeded the SEJPA's coverage.

**Economic Dependency**

The SEJPA received approximately 49% and 54% of its operating revenues from its member agencies for the years ended June 30, 2013 and 2012, respectively.

**Cash and Cash Equivalents**

For purposes of the statements of cash flows the SEJPA considers all investment instruments purchased with a maturity of three months or less to be cash equivalents.

**Subsequent Events**

In preparing these financial statements, the SEJPA has evaluated events and transactions for potential recognition or disclosure through December 9, 2013, the date the financial statements were available to be issued.

**Reclassification**

The SEJPA has reclassified certain prior year information to conform with the current year presentation.

**Investments Authorized by the California Government Code and the SEJPA's Investment Policy**

The table below identifies the investment types that are authorized for the SEJPA by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the SEJPA, rather than the general provision of the California Government Code or the SEJPA's investment policy:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Quality Requirements</u>

**Disclosures Relating to Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The SEJPA manages its exposure to interest rate risk by purchasing shorter term investments so that a portion of the portfolio is maturing over time as necessary to provide the cash flows and liquidity needed for operations.

Information about the sensitivity of the fair values of the SEJPA's investments (including investments held by the bond trustee) to market interest rate fluctuations is provided in the previous table that shows the distribution of the SEJPA's investments by maturity as of June 30, 2013.

**Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of the year end for each investment type:

	Rating as of Year End Standard & Poor's
Open Ended Money Market Mutual Funds	Not Rated
California Local Agency Investment Fund	Not Rated

**SAN ELIJO JOINT POWERS AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2013 AND 2012**

**Note 2 - Cash and Cash Equivalents: (Continued)**

**Concentration of Credit Risk**

Concentration of credit was the risk of loss attributed to the magnitude to the SEJPA's investment in a single issue.

The investment policy of the SEJPA contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. The SEJPA holds no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of the SEJPA's total investments at June 30, 2013.

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the SEJPA will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counter-party (e.g., broker-dealer) the SEJPA will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the SEJPA's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure SEJPA deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

At June 30, 2013, none of the SEJPA's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts. At June 30, 2013, no SEJPA investments were held by the same broker-dealer (counterparty) that was used by the SEJPA to buy the securities.

**Investment in State Investment Pool**

The SEJPA is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code under the oversight of the Treasurer of the State of California. The fair value of the SEJPA's investment in this pool is reported in the accompanying financial statements at amounts based upon the SEJPA's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The statements of cash flows have been prepared by considering all investment instruments purchased with a maturity of three months or less to be cash equivalents. Following is a detail:

When both restricted and unrestricted resources are available for use, it is the SEJPA's policy to use restricted resources first, and then unrestricted resources as necessary.

**SAN ELIJO JOINT POWERS AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2013 AND 2012**

**Note 5 - Loans Receivable:**

On December 8, 2011, the City of Encinitas and the City of Solana Beach entered into the third amendment and restated loan agreements with the SEJPA. The loan agreements amended and restated the loan agreements dated March 1, 1990 and restated March 15, 1993 and April 1, 2003. The loans bear interest from 2% to 4%. Principal and interest are payable semi-annually four days prior to each September 1 and March 1 of each year, in order to provide the SEJPA with sufficient funds to service the debt on the 2011 Refunding Revenue Bonds. (See Note 9) Loans receivable consist of the following at June 30:

	<u>2013</u>	<u>2012</u>
City of Solana Beach	\$ 4,250,178	\$ 4,868,638
City of Encinitas	3,769,822	4,316,362

Total	<u><u>\$ 6,820,000</u></u>	<u><u>\$ 8,020,000</u></u>

**Note 6 - Retrofit Loans Receivable:**

The SEJPA has entered into agreements with certain reclaimed water users whereby the SEJPA reimbursed the reclaimed water users for reasonable costs incurred for the retrofitting of the water user's facilities in order for them to accept and use reclaimed water for nonpotable purposes. The water users agreed to repay the SEJPA the aggregate amount of the retrofit work together with interest ranging from 3.5% to 4.5%. Reclaimed water is purchased at the potable water rate with the difference between the two rates being considered repayment of the reimbursed costs with the payment first applied to interest. Retrofit loans receivable consist of the following at June 30:

	<u>2013</u>	<u>2012</u>
22 <sup>nd</sup> District Agricultural Association	\$ 96,291	\$ 108,057

**Note 9 - 2011 Refunding Revenue Bonds:**

In December 2011, the SEJPA issued the 2011 Revenue Refunding Bonds in the amount of \$9,235,000 for the purpose of refunding its 2003 Refunding Revenue Bonds and prepaying a note to the California Energy Commission. The 2003 Refunding Revenue Bonds had been issued to refund the 1993 Refunding Revenue Bonds, the proceeds of which had been loaned to its two member agencies to finance the upgrade and expansion of the water pollution control facility.

Although the refunding resulted in a deferred amount on refunding of \$340,611, the SEJPA in effect reduced the aggregate debt service payments by approximately \$222,000 each year over the next seven years and obtained an economic gain (difference between the present values of the old debt and the new debt service payments) of \$1,251,450.

The 2011 Refunding Revenue Bonds are payable in annual principal installments ranging from \$50,000 to \$1,415,000 through March 1, 2021. Interest payments are due semiannually on September 1, and March 1. Interest rates on the bonds range from 2% to 4%. The 2011 Refunding Revenue Bonds outstanding total \$8,020,000 and \$9,185,000 at June 30, 2013 and 2012, respectively. The member agencies have covenanted to make payments of loan installments in each year from net revenues derived from the operation of each Agency's respective wastewater collection system.

**Note 10 - State Loan Payable:**

In March 1998, the SEJPA entered into an agreement with the State Water Resources Control Board for funding of the San Elijo Water Reclamation System. The loan was funded through the State Revolving Fund loan program administered by the State of California in the amount of \$12,633,522. The State Revolving Fund loan program provides funding for water reclamation projects at a reduced interest rate of 2.5%. The state loan payable outstanding totaled \$5,984,736 and \$6,653,084 at June 30, 2013 and 2012, respectively. The San Elijo Water Reclamation Project represented the construction of tertiary treatment, operational storage facilities, effluent pump stations and a reclaimed water distribution system. Annual loan repayments are made by the SEJPA in the amount of \$834,675 and continue through August 2020. The SEJPA has agreed to maintain a dedicated source of revenue sufficient to provide reasonable assurance of repayment of the loan.

The terms of the state loan payable require the SEJPA to place \$63,000 into a reserve fund each year for ten (10) years, beginning with the issuance of the loan. The reserve fund balance was \$630,000 and \$630,000 as of June 30, 2013 and 2012, respectively.

**Note 11 - Private Placement Loan Payable:**

In November 2011, the SEJPA entered into a private placement loan payable with Municipal Finance Corporation in the amount of \$2,000,000 to fund advanced water treatment improvements (Demineralization project) at the San Elijo Water Reclamation Facility. Interest accrues at 4.15% on the unpaid principal balance and is payable in forty (40) semi-annual payments of \$74,077 including principal and interest. The SEJPA’s obligation to pay the loan repayments is a special obligation limited solely to the net revenues as defined in the loan agreement. The SEJPA has covenanted that it will fix, prescribe and collect rates, fees and charges sufficient to generate net revenues at least equal to 115% of the amount of the maximum annual debt service.

Debt service requirements on the private placement loan payable are as follows:

	<u>Principal</u>	<u>Interest</u>
2014	\$ 70,013	\$ 78,141
2015	72,948	75,205
2016	76,007	72,146

**Note 12 - SFID Reimbursement Agreement Payable:**

The Santa Fe Irrigation District (SFID) constructed a reclaimed water distribution pipeline extension of 3,400 linear feet to the SEJPA’s reclaimed water distribution system in order to extend SEJPA’s existing recycled water distribution system and enable the SFID to serve new reclaimed water customers. SEJPA agreed to reimburse SFID for the cost of design and construction of the extension in the amount of \$526,149 and the SFID agreed to convey ownership of the extension to SEJPA. Under the terms of the agreement, the reimbursement amount shall be increased each July 1<sup>st</sup> by adding interest at the rate equivalent to the average LAIF rate for the past four quarters, but not less than 1% nor greater than 2.5% calculated on the unpaid monthly balance. SEJPA shall reimburse the SFID at a monthly rate of \$450 per acre foot of recycled water delivered through the extension including water delivered to purveyors other than SFID. In addition, SEJPA made an initial downpayment of \$50,000. SEJPA will further make a lump sum payment of all remaining principal and interest due after completion of the 20<sup>th</sup> year of this agreement if the average annual delivery volume of the extension from year 13 through year 15 exceeds 50 acre feet annually. Future payments on the SFID reimbursement agreement payable are contingent upon future reclaimed water sales, therefore future maturities have not been estimated and the agreement is considered noncurrent.

**Note 13 - Postemployment Benefits:**

**Plan Description**

The SEJPA retiree provides medical insurance benefits to eligible retirees in accordance with various labor agreements subject to the SEJPA's vesting schedule. Medical benefits are typically available at age 55 and are only available to those retirees that select CalPERS medical upon the date of retirement. The current maximum contribution by the SEJPA to the retiree is \$112 per month, which is set by CalPERS.

**Funding Policy and Annual OPEB Costs**

The contribution requirements of the SEJPA are established and may be amended annually by the Board of Directors. The SEJPA's annual other post-employment benefit (OPEB) cost (expense) for the Plan is calculated based on the annual required contribution of the SEJPA (ARC), an amount actuarially determined in accordance with GASB Cod. Sec. P50, "Postemployment Benefits Other Than Pension Benefits - Employer Reporting." The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed twenty years. The SEJPA's Board of Directors has established a policy of funding the ARC on a pay as you go basis. The current ARC rate is 1.23% of annual covered payroll. The following table shows the components of the SEJPA's annual OPEB cost, the amount actually contributed to the Plan including benefits paid to retirees, and changes in the SEJPA's net OPEB obligation for the years ended June 30:

	<u>2013</u>	<u>2012</u>
Annual required contribution	\$ 19,894	\$ 19,894
Interest on net OPEB obligation	4,231	4,071
Adjustment to annual required contribution	(571)	-
Annual OPEB cost	<u>23,554</u>	<u>23,965</u>
Contributions (including benefits paid)	<u>(4,546)</u>	<u>(3,960)</u>
Increase in net OPEB obligation	19,008	20,005
Net OPEB obligation - Beginning of Year	<u>54,596</u>	<u>34,591</u>
Net OPEB obligation - End of Year	<u>\$ 73,604</u>	<u>\$ 54,596</u>

The SEJPA's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plan, and the net OPEB obligation for 2013 and the two preceding years were as follows:

<u>Fiscal Year</u>	<u>Annual OPEB Cost</u>	<u>Percentage of ARC Contributed</u>	<u>Net Pension Obligation</u>
June 30, 2011	\$ 22,275	15.33%	\$ 34,591
June 30, 2012	23,965	16.52%	54,596
June 30, 2013	23,554	19.30%	73,604

**SAN ELIJO JOINT POWERS AUTHORITY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2013 AND 2012**

**Note 13 - Postemployment Benefits: (Continued)**

**Funding Status and Funding Progress**

As of June 30, 2011, the most recent actuarial valuation date, the Plan was not yet funded. The SEJPA's actuarial accrued liability for benefits at June 30, 2011 was \$149,480 and the covered payroll (annual payroll of active employees covered by the Plan) was \$1,623,768, with a ratio of the UAAL to the covered payroll of 9.21%. The normal cost payments made during the year of \$3,414 funded 15.33% of the annual required contribution (ARC) leaving an unfunded actuarial liability (UAAL) of \$149,480 and a funded ratio of 0.00%.

Actuarial Valuation Date	Actuarial Value of Assets (A)	Actuarial Liability Entry Age (B)	Unfunded AAL (UAAL) (B-A)	Funded Status (A/B)	Covered Payroll (C)	UAAL as a Percentage of Covered Payroll [(B-A)/C]
June 30, 2011	\$ -	\$ 149,480	\$ 149,880	0.00%	\$ 1,623,768	9.2%

Actuarial valuations of an ongoing Plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress presents multiyear trend information that shows whether the actuarial value of Plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

**Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the formal Plan document and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefits and costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial assets, consistent with the long-term perspective of the calculations.

The actuarial cost method used for determining the benefits obligations is the Entry Age Normal Actuarial Cost Method. The actuarial assumptions included a 3.75% discount rate, which assumes the SEJPA continues to maintain the retiree health benefits program as an unfunded plan. The amount represents the present value of all contributions for retiree health benefits projected to be paid by the SEJPA for current and future retirees; and an annual healthcare cost trend rate of 4%. The UAAL is being amortized as a level percentage of projected payroll over 17 years.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2013 AND 2012**

**Note 14 - Defined Benefit Pension Plan:**

**Plan Description**

The SEJPA contributes to the California Public Employees Retirement System (CalPERS), a cost sharing multiple-employer defined benefit pension plan. The SEJPA participates in the miscellaneous 2.5% at 55 pool for those employees hired before July 1, 2012. New employees, with no prior CalPERS membership, and those with prior CalPERS membership with a break in service greater than six months hired after July 1, 2012 participate in the miscellaneous 2% at 62 pool. Employees hired after July 1, 2012 with prior CalPERS membership with less than six months break in service participate in the miscellaneous 2% at 60 pool. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public employers within the State of California. CalPERS requires agencies with less than 100 active members in the plan to participate in a risk pool. A menu of benefits provisions as well as other requirements is established by State Statutes within the Public Employees Retirement Law. The plan selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through SEJPA resolution. CalPERS issues a separate comprehensive annual financial report. Copies of the CalPERS' annual financial report may be obtained from the CalPERS executive office - 400 P Street - Sacramento, California 95814.

**Funding Policy**

Active plan members are required to contribute 8% of their annual covered salary, of which the SEJPA pays 1.4% on behalf of its employees in the 2.5% at 55 pool. The SEJPA is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions are those adopted by the CalPERS board of administration. The required employer contribution rate for the fiscal year ended June 30, 2013 was 15.956% for the 2% at 55 pool, 7.846% for the 2% at 60 pool and 6.250% for the 2% at 62 pool. The required employer contribution rate for the fiscal year ended June 30, 2012 was 15.465%. The contribution requirements of the plan members and the SEJPA are established and may be amended by CalPERS. The SEJPA's contributions for the years ended June 30, 2013, 2012 and 2011 were \$285,733, \$326,397 and \$281,041, respectively, which were equal to the required contributions each year.

**Note 15 - Commitments and Contingencies:**

**Contracts**

The SEJPA has entered into various contracts for the purchase of material and construction of capital assets. The amounts contracted are based on the contractor's estimated cost of construction. At June 30, 2013, the total unpaid amount on these contracts is approximately \$227,985.

**Litigation**

Legal claims and lawsuits arise from time to time in the normal course of business which, in the opinion of management, will have no material effect on the SEJPA's financial position.

**Note 15 - Commitments and Contingencies: (Continued)**

**Operating Leases**

Under an agreement dated April 11, 1991 the SEJPA leases a maintenance facility to the City of Encinitas for \$1 per year for an initial term of 30 years. The lease may be renewed or extended at the expiration of the initial term at a rate mutually agreed upon. In addition to the annual payment of \$1, the City agreed to reimburse the SEJPA within 30 days for all engineering and inspection costs incurred as a result of the engineering and construction of the maintenance facility. The City also agreed to reimburse the SEJPA for all construction costs incurred by the SEJPA as a result of the construction of the maintenance facility in 30 equal annual installments at an interest rate equal to the interest rate on the bonds issued for construction of the upgrade and expansion of the Water Pollution Control Facility. The lease payments collected are then remitted directly to the member agencies.

In January 2007 the SEJPA entered into a Communications Site License Agreement as lessor with Omnipoint Communications, Inc. The initial term of the agreement, which calls for an annual payment of \$20,400 and increasing 3% annually, is for 5 years commencing the earlier of the date the licensees intend to commence construction or October 1, 2007. The SEJPA recognized rental income in the amount of \$23,649 and \$22,960 for the years ended June 30, 2013 and 2012, respectively.

**Note 16 - New Governmental Accounting Standards:**

**GASB No. 62**

In December 2010, the Governmental Accounting Standards Board issued Statement No. 62, "Codification of Accounting and Financial Reporting Guidance contained in Pre-November 30, 1989 FASB and AICPA Pronouncements". This pronouncement is effective for periods beginning after December 15, 2011. Earlier application is encouraged. The objective of this statement is to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in the pronouncements of the FASB and the AICPA that was issued on or before November 30, 1989 which does not conflict with or contradict GASB pronouncements. This pronouncement did not have a material effect on the financial statements of the SEJPA in the year of implementation.

**GASB No. 63**

In June 2011, the Governmental Accounting Standards Board issued Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position". This pronouncement is effective for periods beginning after December 15, 2011. Concepts Statement No. 4 "Elements of Financial Statements" introduced and defined deferred outflows and deferred inflows as an acquisition or consumption of net assets by the government that is applicable to a future reporting period, which is distinct from assets and liabilities. Concepts Statement No. 4 also defines net position as the residual of all other elements presented in a statement of financial position and renames that measure net position rather than net assets. This pronouncement did not have a material effect on the financial statements of the SEJPA in the year of implementation.

**GASB No. 64**

In June 2011, the Governmental Accounting Standards Board issued Statement No. 64, "Derivative Instruments: Application of Hedge Accounting Termination Provisions - an amendment to GASB 53". This pronouncement is effective for periods beginning after June 15, 2011. This statement clarifies whether an effective hedging relationship continues after the replacement of a swap counterparty or a swap counterparty's credit support provider. The Statement sets forth criteria that establish when the effective hedging relationship continues and hedge accounting should continue to be applied. This pronouncement did not have a material effect on the financial statements of the SEJPA in the year of implementation.

**GASB No. 65**

In March 2012, the Governmental Accounting Standards Board issued Statement No. 65, "Items Previously Reported as Assets and Liabilities". This pronouncement is effective for periods beginning after December 15, 2012. This Statement establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This Statement amends the financial statement classification of certain items previously reported as assets and liabilities to be consistent with the definitions in Concepts Statement No. 4. This Statement also provides other financial reporting guidance related to the impact of the financial statement elements deferred outflows of resources and deferred inflows of resources, such as changes in the determination of the major fund calculations and limiting the use of the term deferred in financial statement presentations. The effects of this pronouncement are more fully described in Note 17.

**GASB No. 66**

In March 2012, the Governmental Accounting Standards Board issued Statement No. 66, "Technical Corrections - 2012 - an amendment of GASB Statements No. 10 and No. 62". This pronouncement is effective for periods beginning after December 15, 2012. This statement resolves conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions", and No. 62, "Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements". This Statement amends Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues", by removing the provision that limits fund-based reporting of an entity's risk financing activities to the general fund and the internal service fund type. This Statement also amends Statement No. 62 by modifying the specific guidance on accounting for (1) operating lease payments that vary from a straight-line basis, (2) the difference between the initial investment (purchase price) and the principal amount of a purchased loan or group of loans, and (3) servicing fees related to mortgage loans that are sold when the stated service fee rate differs significantly from a current (normal) service fee rate. These changes clarify how to apply Statement No. 13, "Accounting for Operating Leases with Scheduled Rent Increases", and result in guidance that is consistent with the requirements in Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues", respectively. This pronouncement is not anticipated to have a material effect on the financial statements of the SEJPA in the year of implementation.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2013 AND 2012**

**Note 16 - New Governmental Accounting Standards: (Continued)**

**GASB No. 67**

In June 2012, the Governmental Accounting Standards Board issued Statement No. 67, “Financial Reporting for Pension Plans - an Amendment of GASB Statement No. 25”. This pronouncement is effective for periods beginning after June 15, 2013. This Statement replaces the requirements of Statements No. 25, “Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans”, and No. 50, “Pension Disclosures”, as they relate to pension plans that are administered through trusts or equivalent arrangements (hereafter jointly referred to as trusts) that meet certain criteria. The requirements of Statements No. 25 and 50 remain applicable to pension plans that are not administered through trusts covered by the scope of this Statement and to defined contribution plans that provide postemployment benefits other than pensions. The SEJPA has not determined the effects of this pronouncement on the financial statements of the SEJPA in the year of implementation.

**GASB No. 68**

In June 2012, the Governmental Accounting Standards Board issued Statement No. 68, “Accounting and Financial Reporting for Pensions”. This pronouncement is effective for periods beginning after June 15, 2013. This pronouncement establishes accounting and financial reporting requirements related to pensions for governments whose employees are provided with pensions through pension plans, as well as for nonemployer governments that have a legal obligation to contribute to those plans. The SEJPA has not determined the effects of this pronouncement on the financial statements of the SEJPA in the year of implementation.

**GASB No. 69**

In January 2013, The Governmental Accounting Standard Board issued Statement No. 69, “Government Combinations and Disposals of Government Operations.” This pronouncement is effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013 and should be applied on a prospective basis. Earlier application is encouraged. This statement requires the use of carrying values to measure the assets and liabilities in a government merger. Conversely, this statement requires measurements of assets acquired and liabilities assumed generally to be based upon their acquisition values. This statement also provides guidance for transfers of operations that do not constitute entire legally separate entities and in which no significant consideration is exchanged. This statement provides accounting and financial reporting guidance for disposals of government operations that have been transferred or sold. This pronouncement is not anticipated to have a material effect on the financial statements of the SEJPA in the year of implementation.

**GASB No. 70**

In April 2013, The Governmental Accounting Standard Board issued Statement No. 70, "Accounting and Financial Reporting for Nonexchange Financial Guarantees." This pronouncement is effective for financial reporting periods beginning after June 15, 2013. Earlier application is encouraged. This statement requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data indicate that the government will be required to make a payment on the guarantee. The Government that issued the obligation guaranteed in a nonexchange transaction should recognize revenue to the extent that its guaranteed obligations have been reduced. If that government is required to repay a guarantor for making a payment, they should continue to reflect the liability until legally released as an obligor. This pronouncement is not anticipated to have a material effect on the financial statements of the SEJPA in the year of implementation.

**Note 17 - Change in Accounting Principle:**

During the year ended June 30, 2013, the District changed its method of accounting for Bond Issuance Costs as a result of the Governmental Accounting Standards Board issuing Statement No. 65, "Items Previously Reported as Assets and Liabilities". Under the new method, debt issuance costs, except any portion related to prepaid insurance costs, should be recognized as an expense in the period incurred. Prepaid insurance costs should be reported as an asset and recognized as an expense in a systematic and rational manner over the duration of the related debt.

For current and advance refundings, resulting in defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt should be reported as a deferred outflow of resources or a deferred inflow of resources and recognized as a component of interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter. Comparative financial statements of prior years have been adjusted to apply these new methods retrospectively. The following financial statement line items have been affected by the change in accounting principle.
